

Introducing New Item

About Hang Time

We strive to make the growing process easier and better for our customers. Hang Time Drying Net was created with this goal in mind. Pair with a Horizon Lift Light Mover to make your growing and harvesting process easier.

Why you need one!

- Modular design fits multiple drying configurations. Can be placed horizontally or vertically.
- Netting material provides extra strength and durability for hanging plants.
- Perfect for pairing with Horizon Lift Light Mover.

Drying Net Features!

- 2 ft x 8ft net sections.
- Net constructed with chemical resistant and durable HDPE material. Border material is water waterproof backed PVC fabric with stainless steel eyelets.
- 2-inch square knotted openings, versus woven.
- Nylon fasteners to securely interlock nets.
- Easy to clean and sanitize.
